

22 JAN 1968

MEMORANDUM FOR: General Counsel
Director of Medical Services
Director of Personnel

SUBJECT : Involuntary Disability Retirement

1. Recently we received from the Civil Service Commission a draft procedure for the processing of involuntary disability retirements. We were offered an opportunity to comment. Colonel White responded in a memorandum dated 9 January 1968 indicating that in order to ensure that we may satisfy the new procedures while at the same time protecting certain kinds of information required thereby, he has asked the Director of Personnel to discuss this matter with Mr. Oganovic in greater detail. When he signed this letter, Colonel White stated his desire to be briefed on this subject before we are committed to anything.

2. We provided each of you with copies of the documents referred to above in order that they could be studied preparatory to a meeting on the subject. Will you please meet with me at 2 p.m. on Wednesday, 24 January, to discuss the problem areas which might result from this proposed new procedure for processing involuntary disability retirements.
